NYS DOH Mandatory Testing for all Staff (Reminder)

Per the DOH guidelines for mandatory testing, the week runs from **Wednesday-Tuesday**. We are now in the week of September 9-15. A new week will start on September 16th, which will run to September 16 – September 22. When scheduling or planning your appointment to be tested, please keep the week dates in mind in order to be in compliance with the Executive Order. The Executive Order was extending through October 4, 2020. We will keep you posted on any updates.

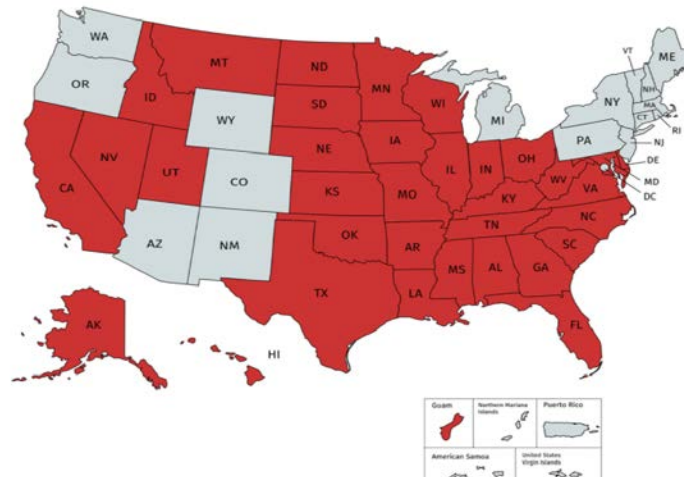

The testing times for each campus will be as follows:

<u>GSFH</u>		<u>GSVE</u>		<u>Chase</u>	
Tuesday	2-4pm	Monday	2-4pm	Monday	5-8am & 1-4pm
Wednesday	7-9am	Tuesday	2-4pm	Tuesday	5-8am & 1-4pm
Thursday	2-4pm	Wednesday	2-4pm	Wednesday	5-8am & 1-4pm
Friday	7-9am	Friday	2-4pm		

If you miss the weekly test, you cannot work and will not receive any pay, including benefit time, until you are tested. This includes using benefit time that was pre-approved for any time you are non-compliant prior to being tested. Please understand we are taking this strong stance not to be punitive but because NYS DOH will be monitoring our compliance with the weekly testing requirements, and any non-compliance among our employees can result in the facility itself being penalized. We have eliminated the earlier requirement that we receive a negative test result prior to return in recognition that testing results are now taking an extended time. **Please help us meet this NYS DOH requirement by planning ahead and taking responsibility to be in compliance even if you are scheduled to be out for some portion of the testing week.** Thank you in advance for your cooperation.

NYS Quarantine Travel Restrictions

The list has been revised again as of 9/8/2020 (changes in italics), the advisory applies to anyone traveling from Alabama, Alaska, Arkansas, California, *Delaware*, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, *Maryland*, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, North Carolina, North Dakota, *Ohio*, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, *West Virginia*, Wisconsin, and one territory – Guam. No states were removed this week, however, Puerto Rico, and US Virgin Islands were.

Per NYS, if you travel to a prohibited area, you cannot return without providing the results of a negative test conducted within 24 hours of your return to NYS. GSC has determined the period while you await your results is not eligible to quarantine pay and you may not use benefit time. If you do decide to travel to a restricted zone, you should

carefully consider the availability of testing upon your return, and the average length of time people are waiting for their results- 5+ days unless you have access to the rapid response testing which is not widely available.

In addition, if you do become ill, NYS COVID pay is not available per NYS guidelines because you have traveled to a high risk area as defined by NYS.

We are highly recommending for the health and welfare of our residents and staff members that you adhere to the travel restrictions. We understand this may mean canceling vacations or missing important life events, and know how difficult these decisions can be. But we all have a responsibility to our fellow New Yorkers, our co-workers, and our residents to do our part to avoid the spread of COVID-19.

We really appreciate your on-going commitment to Good Shepherd-thanks for all you do!

Sincerely,

Linda Parke,
Director of Human Resources
