

Good Shepherd Village at Endwell

Visitation Fact Sheet-For Skilled Nursing facility

Effective 4/1/2021

- **In the event of any staff and/or resident cases of Covid-19 at the facility, visitation will be suspended until further notice.**
- Visitors and residents must comply with social distancing, hand hygiene, and wear disposable face masks at all times. Masks must be discarded upon exiting the grounds.
- Visitors must be screened for signs/symptoms of COVID-19 including a temperature check and questions regarding possible exposure and travel.
- Outdoor visitation poses a lower risk of transmission due to increases space and airflow, therefore; all visits should be held outdoors whenever practicable.
- In room visitation is allowed beyond end-of life/compassionate care when the county positivity rate is below 10% and >70% of the residents have been vaccinated
- For indoor visitation, visitors are to go directly to the resident room and are not to be walking around the halls or units.
- Close contact is permissible if the resident has been fully vaccinated, with the visitor wearing a well-fitting facemask and hand hygiene is performed before and after
- Visits are by appointment only and are limited to 30 minutes.
- The maximum number of visitors per resident per time slot will be 2. The total number of visitor in the facility during any time slot will not exceed 10
- Visitors under the age of 16 must be accompanied by an adult 18 years of age or older.
- Pets are allowed as long as they have been approved through the pet visitation process. Pets must be on a leash of at least 6 feet.
- Documentation on visitors name, address, phone, and e-mail is required.
- Good Shepherd reserves the right to refuse any visitor who refuses to be compliant with any aspect of the visitation guidelines or is under the influence, disruptive or presents a danger to any resident or staff.

Hand Hygiene: Whether you use soap and water or hand sanitizer, rub your hands together for at least **20 seconds**.

Use hand sanitizer if soap and water are unavailable

1. Apply the recommended amount of gel to the palm of one hand.
2. Cover all surfaces of the hands and fingers.
3. Rub the hands together for **approximately 20 seconds**.

Proper way to wear mask

Wear a mask that covers your nose and mouth to help protect others in case you're infected with COVID-19 but don't have symptoms

- Wear a mask correctly for maximum protection
- **Don't** put the mask around your neck or up on your forehead
- **Don't** put the mask below your nose or chin.
- **Don't** touch the mask, and, if you do, wash your hands or use hand sanitizer to disinfect
